

## BitTitan MSP Growth Advantage

Everything you need to win, deliver, and scale Microsoft 365 and Google Workspace migration projects.

BitTitan enables service providers and IT teams to deliver seamless, large-scale cloud migrations with speed, automation, and minimal disruption. Trusted by more than 79,000 organizations across 188 countries, BitTitan has powered tens of millions of migrations, helping MSPs and IT teams successfully migrate data, identities, and devices at scale.

### Why MSPs Choose BitTitan

#### Win More Migration Projects

Attach migration services to Microsoft or Google opportunities and increase deal size

#### Increase Profitability

Reduce manual effort through automation and deliver projects faster

#### Expand Your Services

Offer identity and device migrations to grow your portfolio

#### Deliver Better Experiences

Zero-disruption migrations that drive adoption and satisfaction

### Our Migration Stack

#### Data Migrations MigrationWiz

- Mailbox, OneDrive, SharePoint, and Teams migrations
- 100% SaaS - no infrastructure required
- Scalable for projects from SMB to enterprise

#### Identity Migrations Directory Sync\* & MigrationWiz

- Real-time identity synchronization across AD, Entra ID, and Google
- Ideal for coexistence, staged migrations, and complex environments

#### Device Migrations Migration Agent\*

- Automates workstation and user profile migration
- Preserves Outlook, OneDrive, Teams, and user settings
- Delivers true Day 1 readiness with minimal helpdesk tickets
